

ADVANCED SOLUTIONS FOR BROKERAGE & WEALTH MANAGEMENT

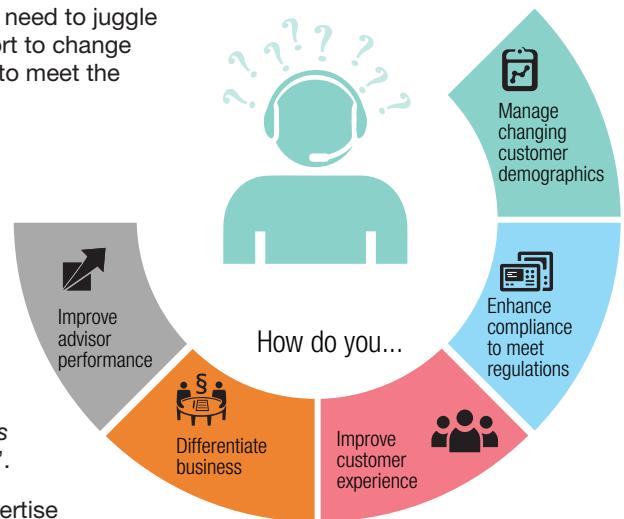

Maximize operational efficiency & effectiveness while accelerating the adoption of technology across your organization's value chain.

Today, every type of financial activity (banking, insurance, investing, retirement planning, wealth & mortgage) is being reimagined. Changes are multi-fold; client demographics, increased competition, stringent regulatory environment and potential economic slowdown!

Seldom has the industry been witness to such tectonic changes. Executives need to juggle between priorities in their effort to change the fabric of the organization to meet the demands of its stakeholders.

In these stressful times, it pays to look within and delineate what's core and what's not. Thankfully there is a common thread to addressing the challenge: *'The need to maximize operational efficiency & effectiveness while accelerating the adoption of technology across the organization's value chain'*.

A specialist provider with expertise in brokerage operations, technology and compliance is who you need to partner.

...simultaneously, while keeping a lid on costs!

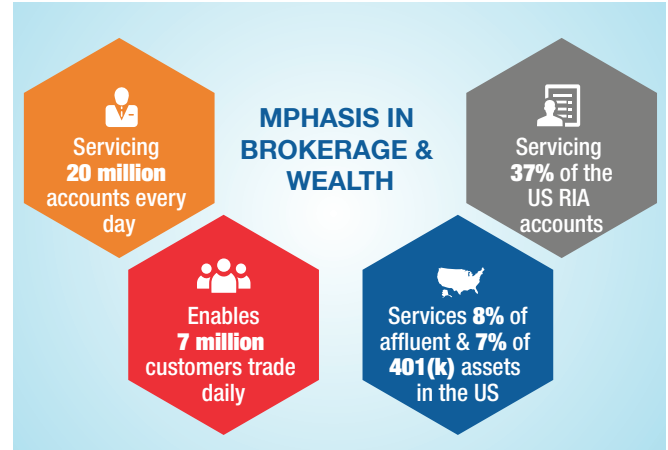

Mphasis, specialist Brokerage & Wealth Services provider

Mphasis enables wealth management and advisory firms in improving customer acquisition, enhance advisor productivity, gain customer insights, and control risks.

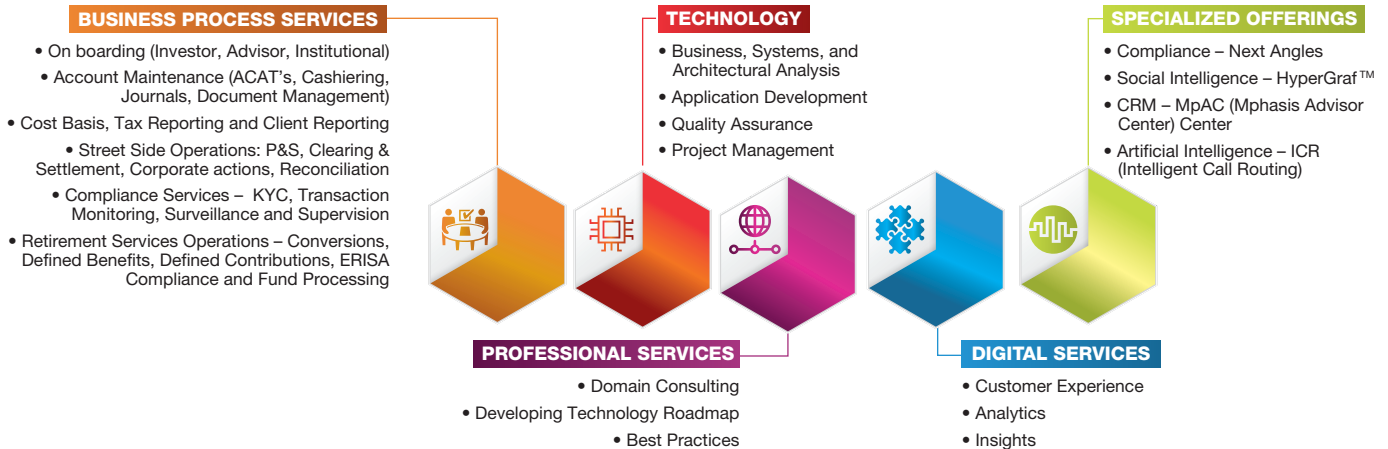

We are catalysts for organizational transformation -

- Expertise in industry platforms including Eagle, Wealth Station & Maxit that enables us streamline & own your back and middle office operations
- Performance driven back office powered by Thomson Reuters BETA
- Robotics to automate asset transfers & cashiering
