Certain statements mentioned in this presentation concerning our future growth prospects are forward looking statements (the “Forward Statements”) and are based on reasonable expectations of the management, which involves a number of risks, and uncertainties that could cause actual results to differ materially from those in such Forward Statements. The risks and uncertainties relating to these Forward Statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, fluctuations in foreign exchange rates, revenue and profits, our ability to generate and manage growth, intense competition in IT services, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price and fixed-time frame contracts, restrictions on immigration, industry segment concentration, our ability to manage our international operations, our revenues being highly dependent on clients in the United States of America, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, withdrawal of fiscal governmental incentives, political instability, adverse impact of global pandemics (including COVID-19 impact), war, legal restrictions on raising capital or acquiring companies, unauthorized use of our intellectual property(ies) and general economic conditions affecting our businesses and industry. We may, from time to time, make additional written and oral Forward Statements . We do not undertake to update any Forward Statements that may be made from time to time by us or on our behalf, unless required under the law.

Healthy conversion of 60-70% clients at each stage to the next

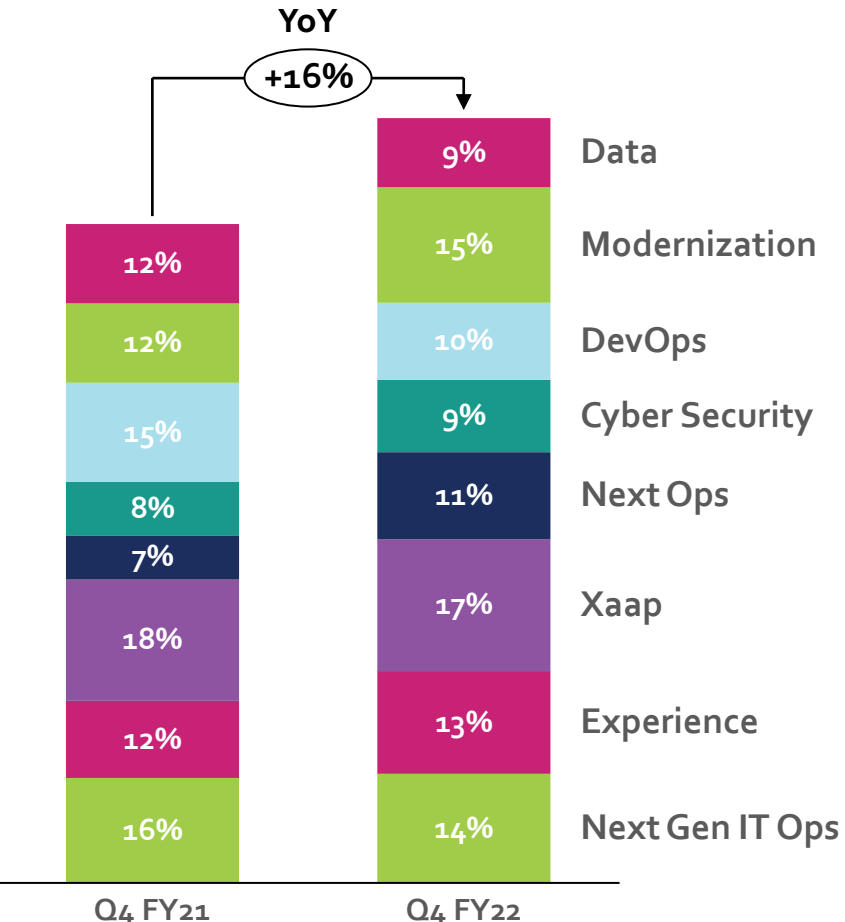

Note: All metrics based on LTM revenues; Data includes Blink UX

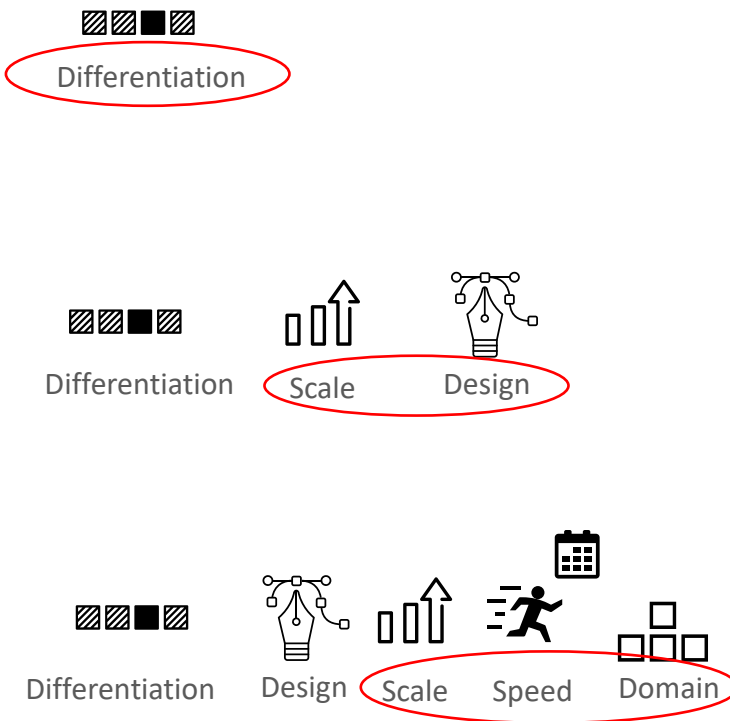

Evolution of Tribes in Keeping with Technology Consumption Patterns

Tribe Enabled Pipeline

Over the years, our tribes have shifted focus in alignment with the changing priorities of our clients, from **differentiated** solutions to **'scalable, ready now'** solutions

Strong Performance in All Financial Metrics

Revenue Growth

Operating Profit Growth

EPS Growth

Consistent Operating Cash Flow Generation

In Summary

- **Rounded off a robust FY22** marked by well above-average industry growth (overall) and industry-leading growth in Direct; FY22 Direct growth at 34.4% marked by 30%+ organic growth in all four quarters
- **KPIs moving in the right direction** with our Tribe-based propositions paying off
 - Track record in winning large deals consistently improving with 5 and 12 large deals wins in Q4 FY22 and FY22 respectively; FY22 TCV up 28% Y/Y following on from 51% growth in FY21
 - Continued share gains with key clients; Strong Top-5/Top-10/Top-20 client growth, Diversification of growth with client mining metrics across revenue buckets consistently strengthening
 - Broad-based growth across verticals – 4 of 5 vertical groupings register 30%+ growth in FY22 (Direct)
 - Operating cash flow consistently at 100%+ of PAT
- **Growth-accretive margin stance ensures predictable margin performance in the stated band** while providing room to make essential investments and managing supply headwinds (adjusted for M&A-related expenses)

Outlook for FY23

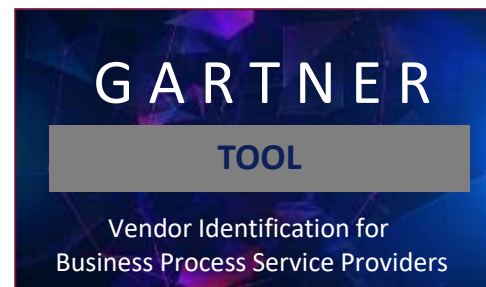

- **Industry-leading growth in Direct**; third-straight year of industry leading growth in Direct following on from FY21 & FY22 performance
 - Continuing market-share gains with clients across tiers and verticals
 - Robust spending plans of high-quality client base
 - Expansion of the addressable market with competency build-up (including M&A) and market expansion
 - Strength of pipeline and track-record of converting pipeline into TCVs and TCVs into revenue
 - Increasing convergence of overall revenue growth with Direct growth going forward
- **Target operating (EBIT) margin band of 15.25%-17%**
- **Expect to maintain growth momentum while sustaining profitability**
