3 The Board of Directors at their meeting held on 29 April 2026 had proposed a final dividend of ₹ 62 per equity share for the year ended 31 March 2026 which has been approved by shareholders at the Annual General Meeting held on 23 July 2026.

4 On 03 July 2025, the Company through its wholly owned subsidiary, Mphasis Corporation acquired a 26 % equity stake on fully diluted basis in Aokah Inc. ('Aokah') for a consideration of ₹ 355.17 million (USD 4 million). The Group has determined that it has significant influence over Aokah on account of its ownership and the right to appoint two directors on the Board. Aokah is expected to support the Group in generating customer opportunities with prospective global capability center customers. The Group's share of profit and other comprehensive income / (loss) from the equity accounted investees for the quarter ended 30 June 2026 and 30 June 2025 is ₹ 3.31 million and nil respectively.

5 On 01 September 2025, the Company through its wholly owned subsidiary, Mphasis Corporation obtained control over the digital transformation management business of Locate Software Inc ("Locate"), focused on servicing a strategic customer of the Group. As part of this transaction, certain identified employees /subcontractors of Locate were taken over and a revenue contract with an identified customer was novated to Mphasis Corporation. The Group will benefit from Locate's capabilities in digital transformation management services business. The acquisition was executed for a consideration of ₹ 754.74 million (USD 8.50 million) which is payable over a period of 15 months. The present value of which amounts to ₹ 736.61 million (USD 8.30 million). This is inclusive of a contingent consideration of ₹ 559.03 million (USD 6.30 million), payable subject to achieving certain defined milestones. The identified intangible assets are tax-deductible.

6 On 16 January 2026, the Company, through its wholly owned subsidiary, Mphasis Consulting Limited entered into a share purchase agreement with Ardonagh Services Limited ("Ardonagh"), to purchase the remaining 49% voting rights in Mrald Limited for a consideration of GBP 49. Consequent to this agreement and fulfilment of closing conditions, Mrald Limited will be a wholly owned subsidiary of Mphasis Consulting Limited. Previously, although the Group had a 51% voting right, it was entitled to 100% of economic benefits and hence, Mrald Limited was fully consolidated for periods upto 31 December 2025, with no Non-Controlling Interest.

7 On 01 April 2026, the Group through its wholly owned subsidiary, Mphasis Corporation obtained control over the business process outsourcing services business of OKIN Process, Inc., ("OKIN"), focused on servicing a strategic customer of the Group. As part of this transaction, certain identified employees /subcontractors of OKIN were taken over and a revenue contract with an identified customer was novated to Mphasis Corporation. The acquisition was executed for a consideration ₹ 521.59 million (USD 5.50 million) which is payable over a period of 12 months. The present value of which amounts to ₹ 515.03 million (USD 5.43 million). This is inclusive of a contingent consideration of ₹ 142.25 million (USD 1.50 million), payable subject to achieving certain defined milestones. The identified intangible assets are tax-deductible. Goodwill has been allocated to the Technology, Media and Telecom being the CGU. For the quarter ended 30 June 2026, OKIN contributed ₹ 379.33 million to Group's revenues. Impact on the consolidated profits is not material.

8 On 21 April 2026, the Group through its wholly owned subsidiary, Mphasis Ireland Limited, obtained control of Theory and Practice Business Intelligence Inc. and its subsidiaries ("TAP") by acquiring 100% of its shares. TAP has developed Continuum AI, a Decision Intelligence platform, that combines AI with behavioral economics to improve business decision-making and understanding buyer behavior. Continuum AI is expected to be a key catalyst for Mphasis NeoIP™, introducing a critical decision intelligence layer to the Group's context engineering layer. The acquisition was executed through a share purchase agreement for a total cash consideration of ₹ 180.21 million (CAD 2.66 million). The excess of the purchase consideration paid over the fair value of assets acquired has been attributed to goodwill. Net liabilities acquired include cash and cash equivalents of ₹ 28.59 million and loan of ₹ 516.62 million provided by Mphasis Ireland Limited to TAP before the acquisition to settle existing liabilities. Given such amounts were not paid to selling shareholders, it has been included in the net liabilities acquired and not in the purchase consideration.

Goodwill of ₹ 256.11 million comprises value of acquired workforce and expected synergies arising from the acquisition. The goodwill has been allocated to the Banking and Financial Services, Technology, Media and Telecom, Insurance, Logistics and Transportation, and Others CGUs, which are expected to benefit from the synergies of the acquisition. The allocation has been performed based on management's assessment of the relative economic benefits expected to be derived by each CGU.

The fair value of the contingent consideration linked to continuing employment is being accounted for as post combination expense in the condensed consolidated interim statement of profit and loss. For the quarter ended 30 June 2026, TAP contributed ₹ 9.04 million to the Group's revenue. Impact on consolidated profits is a loss of ₹ 149.50 million.
