
Mphasis announces new head of Technology Development

Bangalore, September 11, 2008: Mphasis, an EDS Company today announced the appointment of Dinesh Venugopal as **Head, Technology Development and IP Strategy**. This is the first appointment Mphasis is making to focus exclusively on technology and innovative solutioning.

Welcoming his appointment, Jeya Kumar, CEO Mphasis, an EDS company, said "I am delighted to welcome Dinesh Venugopal as the new Head of Technology Development and IP Strategy. This appointment reflects our aim to bring the technology focus back into Mphasis and expand our research, innovation and strategy planning capabilities. Dinesh, brings with him a wealth of expertise, both as a leader in technology development and strategy".

Dinesh will be responsible for leading the development of industry leading solution offerings and work with Mphasis lines of business to build solutions around emerging technologies like Green IT, Autonomic Computing, Virtualization among others.

Commenting about his appointment Dinesh Venugopal said "I am very excited at the prospect of leading the technology development at Mphasis and work with its immensely talented workforce. We will concentrate on building innovative solutions for our clients and leverage technology to solve complex business issues."

With over 15+ years of experience building industry leading Enterprise Software Products, Dinesh was **R&D head** at **BMC Software**, for the **Remedy ITSM Product Suite** business. He was responsible for driving the strategy and product development for the suite that included the industry's #1 ITIL based Service Desk/Help Desk, Change and Asset management solutions. Prior to that, Dinesh was Director of Engineering at **Marimba Inc**, where he led the development of award winning, next generation products in the Data Center Automation and Desktop & Mobile Management space.

Dinesh completed his B. Tech from College of Engineering, Trivandrum in India and his Masters in Computer Science from the University of Louisiana, and has relocated with his family from Silicon Valley, California to Bangalore.
