NEW YORK, June 10, 2021 /PRNewswire/ -- Mphasis, (BSE: 526299; NSE: MPHASIS), an Information Technology (IT) solutions provider specializing in cloud and cognitive services, announced today that it has achieved Amazon Web Services (AWS) Migration Competency status. This recognition is a testimony of the work Mphasis has been undertaking, in migrating several of its clients in highly regulated industries to AWS through a foundations first approach that accelerates modernization and refactoring of mission critical apps.

We are committed to empowering our clients with the agility and fast-paced innovation AWS infrastructure delivers.

Achieving the AWS Migration Competency differentiates Mphasis as an AWS Partner Network (APN) Premier Consulting Partner that provides specialized proficiency and proven customer success with specific focus on AWS Migration Consulting with experience across all 7Rs (refactor, re-platform, repurchase, rehost, relocate, retain, and retire). To receive the designation, APN Partners must possess deep AWS expertise and deliver solutions seamlessly on AWS. This achievement is complimentary to Mphasis existing AWS DevOps Competency, AWS Financial Services Competency, AWS Security Competency, and AWS Travel & Hospitality Competency designations.

"We are delighted to be recognized by AWS for our years of experience in enabling our clients to move to cloud on AWS in a cost effective and efficient way. We are committed to empowering our clients with the agility and fast-paced innovation AWS infrastructure delivers, leveraging latest AWS Migration toolsets and methodologies, such as AWS Cloud Adoption Framework, AWS Application Migration Services, AWS Cloud Readiness Assessments, and AWS Well-Architected Reviews. We use our state-of-the-art Cloud automation platforms for migration and modernization to deliver business agility, innovation, and cost optimization. Our work with leading enterprises, in highly regulated industries, covers the entire life cycle of cloud migrations from assessing an application ecosystem to securely migrating not just the apps and data but the entire business process and operating model. Achieving the AWS Migration Competency stands as a testimony of Mphasis success in enabling enterprise digital transformation with AWS," said, Elango R, President, North America-New Clients Acquisition Mphasis.

AWS offers scalable, flexible, and cost-effective solutions from startups to global enterprises. To support the seamless integration and deployment of these solutions, AWS established the AWS Competency Program to help customers identify Consulting and Technology APN Partners with deep industry experience and expertise.

Mphasis, (BSE: 526299; NSE: MPHASIS), an Information Technology (IT) solutions provider specializing in cloud and cognitive services, announced today that it has achieved Amazon Web Services (AWS) Migration Competency status. This recognition is a testimony of the work Mphasis has been undertaking, in migrating several of its clients in highly regulated industries to AWS through a foundations first approach that accelerates modernization and refactoring of mission critical apps.

Achieving the AWS Migration Competency differentiates Mphasis as an AWS Partner Network (APN) Premier Consulting Partner that provides specialized proficiency and proven customer success with specific focus on AWS Migration Consulting with experience across all 7Rs (refactor, re-platform, repurchase, rehost, relocate, retain, and retire). To receive the designation, APN Partners must possess deep AWS expertise and deliver solutions seamlessly on AWS. This achievement is complimentary to Mphasis existing AWS DevOps Competency, AWS Financial Services Competency, AWS Security Competency, and AWS Travel & Hospitality Competency designations.

"We are delighted to be recognized by AWS for our years of experience in enabling our clients to move to cloud on AWS in a cost effective and efficient way. We are committed to empowering our clients with the agility and fast-paced innovation AWS infrastructure delivers, leveraging latest AWS Migration toolsets and methodologies, such as AWS Cloud Adoption Framework, AWS Application Migration Services, AWS Cloud Readiness Assessments, and AWS Well-Architected Reviews. We use our state-of-the-art Cloud automation platforms for migration and modernization to deliver business agility, innovation, and cost optimization. Our work with leading enterprises, in highly regulated industries, covers the entire life cycle of cloud migrations from assessing an application ecosystem to securely migrating not just the apps and data but the entire business process and operating model. Achieving the AWS Migration Competency stands as a testimony of Mphasis success in enabling enterprise digital transformation with AWS," said, Elango R, President, North America-New Clients Acquisition Mphasis.

AWS offers scalable, flexible, and cost-effective solutions from startups to global enterprises. To support the seamless integration and deployment of these solutions, AWS established the AWS Competency Program to help customers identify Consulting and Technology APN Partners with deep industry experience and expertise.
