

## Mphasis Announces Partnership with AppDynamics to Enhance Real-Time Business and Application Performances

New York, NY, July 22, 2019

[Mphasis](#) (BSE: 526299; NSE: MPHASIS), an Information Technology (IT) solutions provider specializing in [cloud](#) and [cognitive](#) services, today announced its partnership with [AppDynamics](#), a Cisco company and the leader in application intelligence.

Mphasis' participation in the AppDynamics partner program will help to provide a comprehensive one-stop solution to improve businesses' application performance and address service reliability challenges at the enterprise scale. Mphasis' innovative solution framework and Site Reliability Engineering (SRE) services combined with AppDynamics' Application Performance Management (APM) solution will quickly and effectively prevent a variety of production incidents and ensure seamless digital experiences.

For a leading wealth management firm, Mphasis' collaboration with AppDynamics was able to successfully yield results in downtime of business transactions, which was reduced by more than 90%. The mean time to recovery was reduced by 81% and the mean time to detect and diagnose was reduced by 65%. Mphasis looks forward to bringing these critical benefits to more enterprise customers as an AppDynamics partner.

"In partnering with AppDynamics, we are addressing the evolving needs and reliability challenges our customers face regarding their complex IT infrastructures, applications, APIs and other digital assets. AppDynamics is our preferred partner when it comes to implementing reliability engineering solutions to quickly and effectively measure application performance impacting our customer's business," said **Dinesh Venugopal, President, Mphasis Direct and Digital**.

### About Mphasis

[Mphasis](#) (BSE: 526299; NSE: MPHASIS) applies next-generation technology to help enterprises transform businesses globally. Customer centricity is foundational to Mphasis and is reflected in the Mphasis' [Front2Back™](#) Transformation approach. Front2Back™ uses the exponential power of cloud and cognitive to provide hyper-personalized ( $C=X2C^2_{TM}=1$ ) digital experience to clients and their end customers. Mphasis' Service Transformation approach helps 'shrink the core' through the application of digital technologies across legacy environments within an enterprise, enabling businesses to stay ahead in a changing world. Mphasis' core reference architectures and tools, speed and innovation with domain expertise and specialization are key to building strong relationships with marquee clients.
