

Mphasis Unleashes the Next in Robotic Process Automation, in collaboration with UiPath

Partnership to drive technology-enabled business process services and adopt digital automation capabilities

New York, Bengaluru, September 21, 2016

[Mphasis](#), a leading IT services and solutions provider, has entered into a strategic alliance globally with [UiPath](#), one of the top process automation software companies, to grow its Robotics Process Automation (RPA) capabilities. This partnership will allow Mphasis deliver and implement UiPath's full spectrum of RPA software, aiming to provide best-in-market automation services to Mphasis' banking & financial services customers. It will also help UiPath expand its industry-specific customer base through Mphasis.

The partnership is core to Mphasis' drive to deliver powerful, technology-enabled business solutions. Mphasis' domain expertise – in banking, capital markets and insurance coupled with UiPath's expertise strengthens Mphasis' RPA capabilities. This will allow customers to streamline processes, enhance productivity and efficiency thereby dramatically improving on services delivered to the end customer/s. Mphasis is focused on enabling organizations transform by adopting state of the art technologies and Cognitive computing solutions.

"Automation is transforming the way business processes are delivered, and we are pleased to partner with UiPath in order to offer their powerful technology to our customers," said **Gopinathan Padmanabhan, Chief Innovation Officer and President Global Delivery at Mphasis**. "As automation drives the next wave of growth for our industry, our goals of the partnership is to take the automation services, including the Business Process Services, to Mphasis' focused verticals. By coupling the technological advances of RPA with our deep vertical domain knowledge, we will enable transformation and optimization of our customers' business."

"I'm excited to partner with Mphasis; we are highly impressed by their extensive expertise in client verticals and partnering with a company, like Mphasis, allows us to continue to deliver top notch service to our clients. As we've watched the demand for automation grow, we believe that our relationship will make an impact on the market," said **Daniel Dines, Founder and Chief Executive Officer, UiPath**. "We look forward to working with Mphasis to continually build and grow our capabilities," he added.

"Through this partnership, Mphasis would leverage UiPath's best-in-class Enterprise RPA Platform as part of their automation offerings and deliver superior business value to customers. With UiPath, partners and customers will be able to automate more and quickly and generate faster ROI for their investments," said **Ragunath Subramanian, President and Chief Executive Officer, India & APAC at UiPath**. "We are very excited to partner with Mphasis at a time where we are seeing very fast adoption of RPA Technology across the globe," he added.

About Mphasis
