

Mphasis Recognized for Excellence in Identity and Access Management at the 2025 Cybersecurity Excellence Awards

New York, April 07, 2025

[Mphasis](#), (BSE: 526299; NSE: MPHASIS), an Information Technology (IT) solutions provider specializing in [cloud](#) and [cognitive](#) services, has been honored with the [2025 Cybersecurity Excellence Award](#) in the Identity and Access Management category. This award highlights Mphasis' dedication to advancing security innovations and delivering impactful solutions to enterprises worldwide.

As organizations undergo digital transformation, securing identities has become a critical challenge, with traditional methods often proving inadequate against modern threats. Mphasis identified this gap and responded by developing [Identity Security Services](#) – Comprehensive Identity Access Management, an innovative solution designed to provide enterprises with secure, seamless, and scalable identity protection.

Mphasis' solution combines AI-driven security, biometric authentication, and zero-trust principles to help organizations verify identities with greater accuracy. By reducing fraud risks, ensuring regulatory compliance, and streamlining user access, the solution enhances both security and user experience.

“At Mphasis, we are committed to helping businesses navigate the complexities of cybersecurity with cutting-edge identity security solutions. This recognition is a testament to our relentless focus on providing secure, seamless, and scalable identity access management for enterprises worldwide,” said **Nitin Rakesh, Chief Executive Officer and Managing Director, Mphasis**. “We take pride in our ability to anticipate industry needs and deliver solutions that empower organizations to stay resilient in an evolving digital world. We remain dedicated to pushing the boundaries of identity and access management, ensuring organizations stay ahead of evolving threats while delivering seamless user experiences.”

“As we celebrate a decade of recognizing cybersecurity excellence, Mphasis stands out in the Identity and Access Management category for its pioneering work in identity security,” said **Holger Schulze, founder of Cybersecurity Insiders and organizer of the Cybersecurity Excellence Awards**. “Mphasis' commitment to security innovation continues to raise the bar for the industry.”

The Cybersecurity Excellence Awards, organized by Cybersecurity Insiders, honor organizations, products, and professionals who demonstrate outstanding achievements in the field of security. With this recognition, Mphasis strengthens its position as a leading provider of cybersecurity solutions. To learn more about the award visit <https://cybersecurity-excellence-awards.com>.

About Mphasis

Mphasis' purpose is to be the “*Driver in Driverless Car*” for Global Enterprises by applying next-generation design, architecture, and engineering services, to deliver scalable and sustainable software and technology solutions. Customer centricity is foundational to Mphasis, and is reflected in the Mphasis' [Front2Back™](#) Transformation approach. Front2Back™ uses the exponential power of cloud and cognitive to provide hyper-personalized (C=[X2C2™](#)=1) digital experience to clients and their end customers. Mphasis' Service Transformation approach helps ‘shrink the core’ through the application of digital technologies across legacy environments within an enterprise, enabling businesses to stay ahead in a changing world. Mphasis' core reference architectures and tools, speed and innovation with domain expertise and specialization, combined with an integrated sustainability and purpose-led approach across its

operations and solutions are key to building strong relationships with marquee clients. Click [here](#) to know more. ([BSE: 526299](#); [NSE: MPHASIS](#))
